The fundamentals of Stefan Petterssons personal and professional business strategy are:

- Relationships and trustworthiness above all

Since Stefan's early entrance in Warehousing and Logistics in 1989 this has been defining his career. In 2002 Stefan decided to establish his own Forwarding and Logistics company – PS Logistics AB – as it was time to harvest on the years of building up a most reliable name and reputation in the industry. In 2006 Stefan was contacted by Jørgen Hansen (As a representative of Itella Group) and was convinced to sell his company to Itella Group. Until 2012 Stefan stayed within the Itella Group and took good care of his customers. Even after Stefans exit from Itella – he could not leave the industry completely and hence he spent a

couple of years in building new Logistics premises customized for his former customers.

In 2013 Stefan joined NTG Group and became co-owners with the current owners of NTG Group. As a consequence of many years of trustworthiness and reliability towards business partners, Stefan took over the responsibility of NTG Sweden and have executed several start ups and M&A's in Sweden on behalf of NTG Group ever since.

Stefan's long term values in partnerships is as highly valued within the NTG Group as with our external partners. The external partners still follow Stefan wherever he goes and consequently he has managed to ignite NTG Sweden as the fastest growing market within the NTG Group.
