

Biography & Data

Jørgen Hansen

Personal information:

Name: Jørgen Hansen
Address: Birkegaardsalle 32, 2680 Solrød Strand
Date of birth: 11-06-1960
Contact: jh@ntg.dk / 21386401

The fundamentals of Jørgen Hansens personal and professional business strategy are: Strive for extreme goals and achieve through partnerships with the best of the industry.

For more than 3 decades Jørgen has grown transport & logistic companies through partnerships within the industry. Since the founding of Combifragt Group A/S (focused solely on the transport & Logistics industry) in 1989 – it has been business development and leadership of partners that drives Jørgen and his motivation. Only in the period of 2006-11 Jørgen has been outside the Transport & logistics industry.

Throughout the years Jørgen has executed more than 50 M&A's and initiated more than 60 start ups - all within the transporting industry.

As the CEO and founder of 2 Groups of major Danish (mediocre European) Transport Groups, Jørgens role today has changed more into strategic business CEO compared to his past which caused many business hours and a great impact on the day-to-day business. By nature Jørgen still works many hours. However it is no longer the strive for immediate financial success that is the key driver – now it is long term values and an unseen IPO-level of the Group keeps him up at night.
