

Morten Mathiesen

Personal information:

Name: Morten Mathiesen
Address: Stenholtzvej 13, Nødebo, 3480 Fredensborg
Date of birth: 24-12-1975
Contact: mm@ntg.dk / +45 24606037

The fundamentals of Morten Mathiesens personal and professional business strategy are:

- Achievement of goals through entrepreneurship, trustworthiness and customer engagement

As the Chair of the NTG Group his role is to facilitate the right forum for vision and strategy development and be a sparring partner for the CEO in implementing business strategy. Morten is a fulltime board professional and has both the theoretical foundation - by professional board programs with INSEAD - and many years practical experience to support his role as the Chair of NTG A/S.

Prior his career as a professional board executive entrepreneurship was the cornerstone in his business life. Morten has participated in and/or headed more than 30 M&As or start ups during the last decade.

The shipping industry has formed his backbone as Morten stayed for 8 years with A.P Moller – Mærsk A/S including an expatriation to the US. After this period, he decided to become self employed and together with his partner bought a minor company, which he spent the next 6 years developing by multiplying revenues with 2-digit figures.

The company was sold in 2012 upon which he joined the NTG Group as both partner and Chair of the board. The key driver for Morten after he sold his business in 2012, is long term results by short term focus on customers.

His mantra in business life is:

"Winners have a plan - losers an explanation!"

Practical experience:

2012 - present	Chair of the Board and partner NTG A/S (Nordic Transport Group A/S) Identify subjects for M&A's, focused sparring on strategy and partnership with CEO of strategic issues.
2006 - 2012	Founding, growing and finally selling , what is DEKRA Denmark A/S today Grew revenues/profits by M&As or start ups from: Revenue: EUR 2,0 mio to EUR 30 mio Profits: EUR 0,2 mio to EUR 8 mio
1999 - 2006	Different positions within A.P Møller – Mærsk A/S incl. expatriation to Houston, Texas
